The Vancouver World expreses regret that after navigation on the Yukon is stopped by ice no paper or parcel mail will for consideration, the two most enterpris-ing peoples in the world have not providing reopes in the wind nace has given and the most ample mail tacilities for that country. That it has not been provided is the fault of the officials, and not of the people, who would heartily approve of the necessary additional cost of the service.

The law of supply and demand has made itself felt in the iron market. In the states the prices of plumbers' supplies have gone up to per cont, the price of gas pipe has quadrupled, that of tin plate has trebled, unils have doubled in price, and advances in other from supplies time from to to 75 per cent. One cause of such ad-vances is that the fron manufactures are so
